

THE CONEXIS ELITE BENEFIT CARD

Using your health flexible spending account (FSA) just got easier

The CONEXIS Elite Visa® Benefit Card gives you instant access to the money in your health FSA by letting you swipe your card to pay for eligible expenses using the available funds in your account. There's no need to pay out-of-pocket. There are no claim forms to submit. And best of all, there's no waiting for a reimbursement check.

Key Features & Benefits

Secure

You need to activate your Elite Benefit Card before using it for the first time. This extra step helps protect you against fraudulent use of your card. And because your payments are processed electronically, there is no need to worry about lost or stolen reimbursement checks.

Quick Access to Information

You have access to real-time transaction information, including pre-authorizations and declines, via the CONEXIS Web site.

Easy to Manage

With the CONEXIS Elite Benefit Card, you receive an online monthly activity statement detailing all of your card transactions. If you have transactions that require additional follow-up, simply submit the included Return Form along with your supporting documentation or payment – we'll handle the rest. And to make it even easier, you can submit your supporting documentation online.

Real-time Communications

Sign up for e-mail alerts so you'll always know when important activity has occurred with your account.
